NASE '19

NASE '19 is a national level technical symposium, conducted by the Department of Civil Engineering, MBCET, Thiruvananthapuram which aims at shedding light upon the recent technological achievements in the field of Structural Engineering and Geotechnical Engineering. The national conference aspires to provide an arena for academicians, professionals and research scholars to explore and share innovative insights on various aspects of Nano materials in concrete, Special concrete, Soil structure interaction, Quantity checks in concrete and Fracture mechanics. Join us on our voyage from 2nd to 4th of May 2019 .

ABOUT THE INSTITUTION

Mar Baselios College of Engineering and Technology (MBCET) was established in 2002. The College is administered by the Malankara Catholic Educational Society of the Major Archdiocese of Thiruvananthapuram, Kerala. The campus provides an ideal habitat for academic pursuits. The college offers five B.Tech. programmes, seven M.Tech. programmes and Ph.D programme. MBCET is the first self-financing engineering college in Kerala accredited by NAAC with 'A' Grade (CGPA 3.13) and all B.Tech. Programmes accredited by NBA since July 2016. Institution endeavors to contribute in placing spiritually inspired humans at the center of the universe in the new millennium.

ABOUT THE DEPARTMENT

The Department of Civil Engineering was started in Mar Baselios College of Engineering and Technology in 2005. The Civil Engineering programme is currently accredited by NBA. The Department of Civil Engineering is a vibrant place for learning, where students pursue their educational interests in order to lead the next generation to better prospects. The students develop high quality technical expertise with a sound knowledge in basic engineering principles, technical skills and innovative research capabilities. The students have access to state of the art facilities and well equipped laboratories. They are provided also with opportunities to earn valuable experience in the field through value added courses frequently conducted in department of Civil Engineering.

KSCSTE

Kerala State Council for Science, Technology and Environment (KSCSTE) established in 1972, as a pioneer organisation that nurture innovative ideas and research methodologies. KSCSTE is an epitome of excellence as an R&D institute in Kerala. Comprising a state council headed by the Chief Minister of Kerala, KSCSTE aims to improve the quality of science education in the state. Through various schemes and programmes of R&D organisations established by the council; the organisation aims to foster indigenous innovations and provide a platform for industry interactions. The council strives to establish a strong infrastructure for refinement education quality in Kerala.

ICI

Indian Concrete Institute (ICI) registered on 7th September 1982 as a society, a cluster of 30 regional centers spread all over India with its headquarters at Chennai, being one of the leading professional bodies in India, all segments of cement and concrete industries are widely represented in the membership that include civil engineers, architects, builders, contractors, academicians and research scholars.
