

TENSORZ CLUB

Mar Baselios College of Engineering and Technology

Tensorz Club is a place where students get an opportunity to express themselves and unleash their true potential in terms of soft skills which is a necessity in today's world.

Tensorz Club truly believes that everyone can improve with little moulding provided and the effort that they put in. One cannot simply stand out, they need to have a lot of courage and confidence to raise their opinions and voice out what they really desire.

This club acts as a foundation and as an advisor for students who desire to excel in their respective fields. By having them complete tasks and perform activities which enhances their vocabulary skills, presentation skills and communicative skills, we prepare them to face the world and show what they truly are.

The knowledge gained at Tensorz will prepare them for interviews, inviting more opportunities and will help to find themselves in an easy position and soar to greater heights.

8. Ms Sanna Pramod : S4, CS1

New OB

1. Ms. A. Samyukta Syam, S2 EE
2. Mr. Ansen Lovejen, S2 EC
3. Ms. Athena S, S2 CE1
4. Ms. Megha, S4 CE1
5. Mr. Mohammad Rawther, S2 ME

EVENTS

Fine Tune Talks

Fine Tune Talks -A series of personality development talks conducted in association with IET (Sep 19-21, 2020). The three sessions were offered by alumni of 2016-2020 batch:

Meraki Talks

Meraki Talks was a series of interactive sessions with experts from a variety of industries to broaden horizons, meet new people and get a glimpse of what is to come once we move on to the next phase of our lives.

Meraki Talks provided everyone with the exposure that will be required in their professional lives and future prospects. Meraki Talks was all about bringing influential speakers to a single platform, where they can converse and share their experiences in life.

Eloquence

Eloquence aimed at bringing our alumni excelling in various disciplines to a platform to interact with the audience and to take everyone through their professional journey
