

## **INSTITUTIONAL DISTINCTIVENESS**

### **TITLE - WASTE TO VALUE**

Proposals for Innovative Projects- WASTE TO VALUE

Waste Management Cell invites proposals for innovative projects from undergraduate students of MBCET on the topic Waste to Value.

The objective of this is to empower young innovators to do research and implement actions to reduce waste for a greener planet.

The role of college students is pivotal in sensitizing the community on waste management and offering innovative solutions for the conversion of waste to value. The scheme also envisages the talented minds of MBCET to develop solutions for a sustainable ecosystem in the MBCET campus
