Principal's Message

Our College could host Shri Rajeev Chandrasekhar, Hon'ble Union Minister of State, for Electronics and Information Technology, Skill Development and Entrepreneurship, Govt. of India on 13 June 2023, in the benedictory presence of our Patron His Beatitude Moran Mor Baselios Cardinal Cleemis Catholicos. Hon'ble Minister made a long presentation about the 'New India for Young India-Techade of Opportunities' and interacted with the students answering their questions about the concerns of the youth in respect of their career in the light of the advancement of technology and India's stake in it. He elaborated on India's plan to take translational steps in strengthening the technological and industrial base within the country for a 'Semiconductor Revolution' which India needs to target next. He emphasized the need for the acquisition of advanced digital skills by the youth along with their graduation so as to add value to their candidature for the modern high-tech jobs. He said that the cutting edge technologies of artificial intelligence, machine learning, etc. would have a very significant influence on all disciplines of science, engineering and technology and not computer science alone. He added that the Union Government would be strengthening the infrastructure and industry to make the youth of India capable enough to lead the digital world around the globe. Let us all take the call and gear up for a digitally enabled and digitally driven world, irrespective of our core specializations.
