ACTIVITY REPORT

2018-2019

World Water Day Celebration (March 22, 2019)

As part of World Water Day awareness campaign, Prakruthi-Nature Club of MBCET in organized an invited talk on the topic “Conserving Our Lakes” on 26th of March 2019 at Laurie Baker Hall, Department of Civil Engineering, MBCET. The Resource person was Dr. Suja R, Associate Professor at Government Engineering College, Barton Hill. The talk was attended by students from S2, S4, S6 and S8 and faculty from all the departments. The total number of participants attended the talk was 62.

Pencil Sketch Competition

As part of World Water Day activities PRAKRUTHI, Nature Club of MBCET held an awareness campaign on water conservation by conducting a Pencil sketch competition for MBCET students on the theme “Water for All”. Anjana Mahesh and Vivekanand R P won the first and second prizes respectively.

Painting Exhibition 2019

Nature Club, as part of the environmental awareness campaign activities, conducted an exhibition of the paintings of our students in connection with CrossRoads 2019 at St Mary's school, Pattom.

Documentation of medicinal plants

One of the activities initiated by Nature club was the identification and documentation of medicinal plants at the Herbal garden of MBCET.

Reuse and Recycle activities

The Nature club students in association with IET have initiated the waste reduction activities in the campus by collecting unused papers from old assignment books and binding it into new assignment books.
