

MAR BASELIOS COLLEGE OF ENGINEERING AND TECHNOLOGY

NATURE CLUB (PRAKRUTHI) ACTIVITY REPORT 2019-2020

1. GREEN QUIZ

A quiz competition, based on the theme, 'Nature' was conducted as part of the club activities, on 22nd November 2019. The event had witnessed active participation of students from second year till fourth year. A total of 18 teams comprising of two members each, participated in the event. First position was secured by Devika M.M and Devan S of S4 EEE2, and second by Vishnu P Kumar and Anandhu Rajesh of S4 EC2.

2. HERBAL GARDEN VISIT

A visit was organized for the club members to the herbal garden at the college. Students actively participated in the restoration activities of the garden. They were divided into small groups to explore the names of various species at the garden. The students also helped in setting up the name boards for the plants in the right order.

3. ASSIGNMENT BOOK MAKING

The members collected old and used assignment note books, removed unused papers from them for making new assignment books out of the old ones. Through this, the club played a key role in promoting the concept of 'Reuse' among its members.

4. QR CODE MAKING PROJECT

As part of the nature club activities, Saranya S S (S8 EC1), Prayaga Menon (S8 EC1), Nandana R (S8 EC1), Nikita Anne Jacob (S8 EC1), Krishnendhu B (S8 EC2), Ajay Sreekumar (S8 EEE2), Jobin J (S4 EC2), and Arya Ramesh L (S8 EC2) have undertaken a QR code making project for the organization named Kanthari. They successfully completed the making of around fifty eco-friendly QR codes for all the plants and the eco-friendly facilities existing over there. They also found out wood, as the best eco-friendly material to transfer the printed QR codes from paper and also came up with some effective methods to transfer those codes onto the wood.
