

2022

Session on “INNOVATIVE PROJECT SELECTION AND PATENTING” (17 December 2022)

Catalyst IEDC MBCET, in association with ISTE MBCET and e-NIX MBCET, conducted a session on Innovative project selection and patenting on 17th December 2022. The session was handled by Prof. Pradeep Raj, Head of Innovation Centre, MCET. The session gave the participants a profound knowledge about patenting which will help them to ease out the whole patenting procedure. The speaker guided the participants through different stages of patenting and also shared some of his personal experiences on Project selection, development and parenting. A total of 80 participants actively took advantage of the session. The event was concluded successfully.

“CONVERGE” hackathon (18-19 December 2022)

Catalyst Mar Baselios IEDC organized a hackathon from 18th to 19th December and there were in total 14 teams registered for the hackathon with 49 students across different branches and years. On 18th Principal Dr. Abraham T Mathew and Vice principal Dr. Vishwanatha Rao inaugurated the hackathon. The discussions and details were shared through discord server and an offline hackathon was held in college.

Workshop on Innovation 101 (9 -10 November 2022)

On November 9th and 10th a two day workshop on Innovation was handled by Mr. Arun JS , Nodal Officer of Catalyst IEDC. The current execom gave him a warm welcome and the session had 82 participants mostly of freshers. Mr. Arun started the session with a short video clip on innovation and ideation. He then had a discussion with the students about innovation and its importance. He then gave a team activity for the students to identify some innovative ideas that can be implemented in day to day lives. This session ended up with a fun event on creative thinking and ideation. The second day was fully engaged with idea presentations and feedbacks.

Workshop on Entrepreneurship 101 (7 - 8 November 2022)

Sanna Pramod of S7 CS, the current CEO handled the workshop on Entrepreneurship 101 in the Amenity Hall. There were 80 participants for this Entrepreneurship workshop. The session started off with an introduction to entrepreneurship and by introducing a few successful entrepreneurs in Kerala and also about the journey of our alumni. She then quickly divided students into groups and made each team choose their industry they like to work on and she discussed the problems, some example solutions and how to identify customer segments and generate revenue and finally creating an MVP. This session gave students an overall idea about entrepreneurship and motivated them to explore more on this area.

SOUTH ZONE IEDC MEETUP (26 October 2022)

The South Zone IEDC Meetup held on October 26th, 2022, at Travancore Hall, Technopark, featured an IPL launch and Aspire meetup, attended by 8 students from various academic years of our college. Anoop Ambika, CEO of KSUM, commenced the event, discussing innovation and providing an overview of IPL. Achyutshankar Sir addressed the audience, touching on drug influence on campuses and evolving job opportunities. The IPL launch was conducted by Hon'ble Speaker A.N. Shamseer, who also spoke on college transformations and drug abuse awareness. Deepu Sir, Managing Director of Faya, highlighted startups like Gtech-mulearn, aiding student collaboration and participation in events. Sreekutty OU, an alumnus of BaseliOS and co-founder of Mashii Creatives, shared her journey, crediting IEDC for career development. The session included insights on finance handling, innovation, and entrepreneurship by KSUM leads, while Mr. Rahul Shah, IEDC coordinator, and alumni like Mr. Sanju Mathew and Mr. Reuben Mathew shared their startup experiences, making the sessions both informative and interactive. Following this, IEDC NEST organized team formation activities for the students, enhancing engagement and collaboration.
