

## PRINCIPAL'S MESSAGE

The College is all set to welcome a new generation of students aspiring to become successful professionals. Parodos 2024, the initiation Ceremony and the two weeks long AICTE mandated Student Induction Program is scheduled to commence on 02 September 2024. This program aims to foster a sense of belonging and integrate students into the academic community. Students are introduced to their faculty, learn about the curriculum, and get an overview of the facilities in the Institution. There are sessions on soft skills and Universal Human Values in addition to bridging the gap in relevant technical areas so as to make their transition into the new learning environment a smooth one. Additionally, there are a number of awareness creation programs in support of anti-ragging and anti-drug policies that make them more responsible and judicious while interacting with their fellow human beings and while using social media platforms. The Induction Program also helps the students to learn about the culture of the College and build better relations with their fellow students and the faculty. We welcome our 2024 admission batch of students for an exciting journey in Professional Education.

**Dr. S. Viswanatha Rao**

Science is about  
knowing;  
Engineering is  
about doing.

Henry Petroski
