ISTE MBCET

Events and Activities

Executive Committee Selection for 2023

The year began with the executive committee selection for 2023, conducted in three phases from September 7 to October 15, 2023. The process involved online registration, organizing a fresher's day event, and interviews by previous Execom members and ISTE faculty. The new core team included Chairperson Nandana T S, Vice Chairperson Kiran Biju, Joint Secretary Yash Chhalotre, and Treasurer Riyanna Maria Abison.

Kerala Piravi

On November 1, 2023, ISTE MBCET marked Kerala Piravi with "Mindscape," an online quiz competition with about 30 participants. The winners were Krishna Prasanth, Akhila A R, and Akshaya S. The event celebrated Kerala's formation day and encouraged students to learn more about their cultural heritage.

ISTE at Keraleeyam

ISTE MBCET Faculty chapter provided opportunities for selected students from each class to be a part of Keraleeyem 2023 under the guidance of Dr. Nidhi M B, Ms Asha S and Ms. Soumya A V on November 2nd. The students had the chance to visit the venue at University College. Total of 42 students were a part of the team.

National Cancer Awareness Day

On November 7, a poster-making competition for National Cancer Awareness Day was held, with the theme 'Uniting for the Cure of Cancer.' First and second prizes were awarded to R J Sharon and N Namitha. The competition aimed to raise awareness and encourage creative expression on this important health issue.

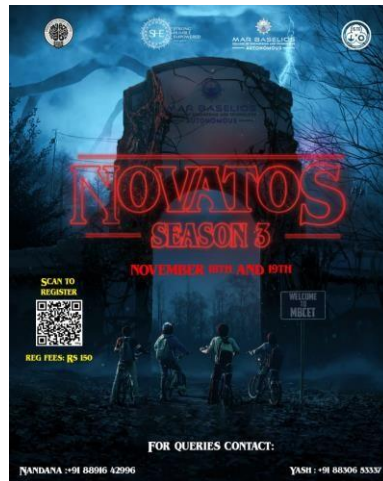

Children's Day

On November 14, as part of Children's Day ,ISTE MBCET organized two events named 'Once upon a Time',a platform for students to recall their childhood memories and share their memories and a note on the same.The second one was a ' Poster Designing Competition' which is conducted in schools.

Fresher's Day Event: Novatos-Season 3

The fresher's day event, Novatos-Season 3, took place on November 18-19, 2023, inspired by the Netflix series "Stranger Things." About 70 students registered, and Group J won multiple activities, earning the title of best team overall. The event featured a variety of activities, including a technical session on LinkedIn.

Final Dhamaka

ISTE MBCET student chapter organized an exclusive Cricket World Cup winner prediction quiz, "FINAL DHAMAKA" on 19th of November, 2023 and 4 students emerged as best predictors. Respected Bursar, Fr. John Varghese Palanikunnathil conducted the draw to determine the winner and Parthiv Krishnan of S1 ME emerged as the winner.

Civil Service Orientation Class

On December 6th, ISTE MBCET hosted a civil service orientation class from 12 pm to 1 pm in Senatus Hall. Mr. A. U Prasad, Academic Head of Top Notch IAS, led the class. The session was attended by about 50 students. Through the session, attendees gained a better understanding of how they should prepare for the civil service examination. It provided attendees with more illumination, motivation, and inspiration.

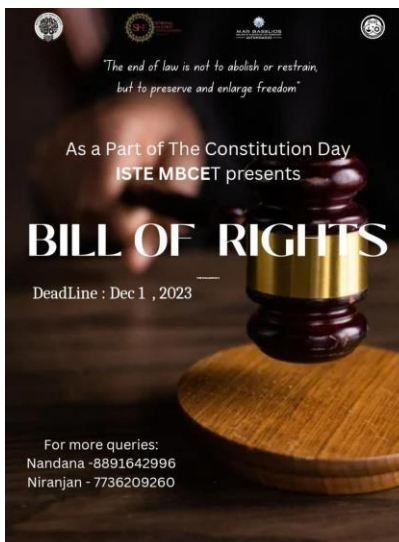

World Television Day

On November 21, 2023, World Television Day was celebrated with a videography competition, "Seize the Lens." Participants created two-minute videos highlighting nature, and the winners were Aashish S, Abhinav AJ, and Jeffin I Patrick. The competition encouraged students to showcase their creativity and storytelling skills through video content.

Constitution Day

To celebrate Constitution Day on November 26, 2023, ISTE MBCET introduced "Bills of Rights," a platform for students to list the rights they wished to bring to their campus. This initiative aimed to foster civic awareness and encourage student participation in campus governance. It provided a space for students to express their ideas and contribute to the betterment of their community.

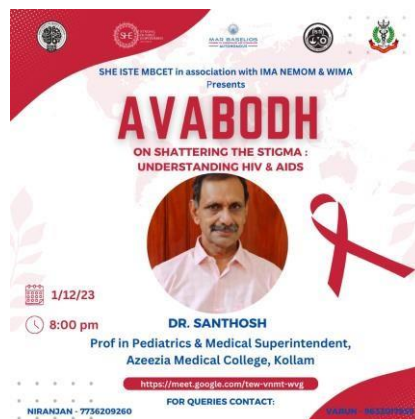

Men's Day

For Men's Day on November 19, the SHE team of ISTE MBCET conducted "Joke Juggler," "Silent Architect," and "A Letter to Men." They also spread love and appreciation by gifting flowers to ISTE Execom students and Mr. Melvin Jacob. The best posts were shared on ISTE's official Instagram page, promoting a positive and inclusive atmosphere.

World AIDS Day: AVABODH

On December 1, 2023, ISTE MBCET, in association with IMA Nemom and WIMA, organized "AVABODH," an online awareness talk for World AIDS Day. Dr. Santhosh led the session, attended by about 60 students, focusing on HIV/AIDS awareness and prevention. Participants gained valuable insights into current medical advancements and strategies for prevention.

Mountains Day

On December 11, ISTE MBCET celebrated Mountain's Day with an online quiz competition, "Summit Quest." The winners were Rhon S George, Angel T John, and Abhishek S. The quiz aimed to enhance students' knowledge about mountains and their significance to the environment.

Christmas

Festive events in December included a Christmas card-making competition, a holiday baking competition, and "Xmas Snaps," a photography competition. These activities saw high participation and showcased students' creativity in celebrating the holiday season. The winners were announced at the end of December, bringing a festive spirit to the campus.

Technical Event Series: CODIGO

ISTE MBCET initiated "CODIGO," a series of technical events to showcase coding skills, starting with C-Mind Battle on November 28, 2023. The second phase, Debugging Battle was conducted on March 14, 2024. These events aim to enhance students' programming abilities and problem-solving skills

Technexus Series

ISTE MBCET initiated "CODIGO," a series of technical events to showcase coding skills, starting with C-Mind Battle on November 28, 2023. The second phase, Debugging Battle, is scheduled for March 14, 2024, with further phases to be announced. These events aim to enhance students' programming abilities and problem-solving skills.

German Language Session: Lerne Deutsch

On March 23, 2024, ISTE MBCET presented "Lerne Deutsch," an online session to teach basic German, led by Jocina Racheal George. About 50 participants attended, learning common phrases and the significance of German for those planning to study in Germany. The session provided an introduction to the language and culture, aiding students in their future academic endeavors.
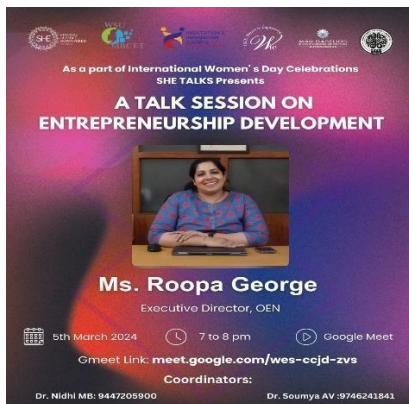

Junior Execom Selection

In April 2024, ISTE MBCET conducted the selection process for junior Execom members through three levels. The selected members included Aswathy S (EC2), Jensen Jose Sajan (EC1), Manuraj M S (EEE), Nayana Anna Binu (CS2), Snith Shibu (EC1), and V S Sabarinath (ME2). This process ensured the selection of capable candidates to lead future initiatives.

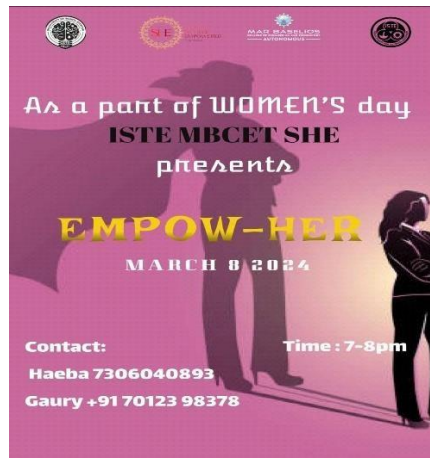

Women's Day

As a part of International Women's Day Celebrations, ISTE SHE in association with WSU, MBCET, IEEE WIE and IIC organized a resourceful talk session by Ms. Roopa George. Executive Director, OEN. She discussed a lot about entrepreneurship, its opportunities, and its development. It was conducted in online mode through Google meet on March 5 from 7 p.m. to 8 p.m. A Q&A session was also held. About 100 people participated in the session. It was really an informative session.

Empow-Her - Women's Day Quiz

In honour of Women's Day on March 8, 2024, ISTE SHE MBCET hosted an online quiz contest - " Empow-Her". It took place in Google Meet from 7 to 8 P.M. Many took part in the competition. The winners will soon be declared.

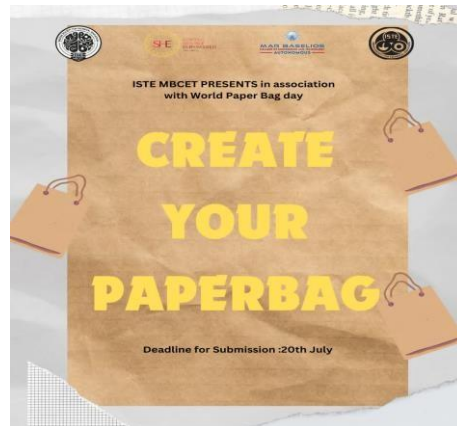

World Population Day Theme Submission

On July 11, 2024, ISTE MBCET invited students to propose innovative themes for World Population Day 2024. This event aimed to raise awareness about population growth and its impacts on society, nations, and the environment. Participants were encouraged to submit their creative themes via the provided link by July 15, 2024.
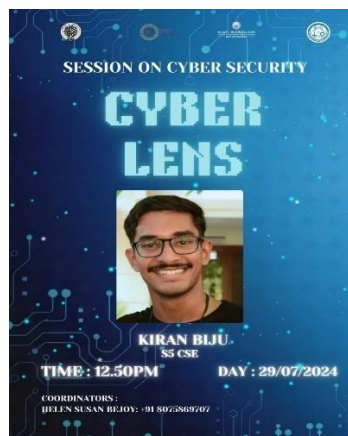

World Paper Bag Day

On July 12, 2024, ISTE MBCET celebrated World Paper Bag Day with a "Create Your Paper Bag" event to promote eco-friendly practices. Participants showcased their craft skills by creating innovative paper bags. Submissions were accepted until July 20, 2024, through the provided link.

Cyber Lens

On July 29, 2024, ISTE MBCET conducted a session on Cyber Security titled "Cyber Lens", led by Kiran Biju from S5 CSE. The event, held at 12:50 PM, focused on key aspects of cybersecurity, including potential threats, preventive measures, and recent trends. Kiran Biju provided insights into the importance of cybersecurity in today's digital world. The session was interactive, encouraging participants to discuss their doubts and learn more about safeguarding against cyber threats. Attendees found the session highly informative and were motivated to stay vigilant and consider careers in this critical field.
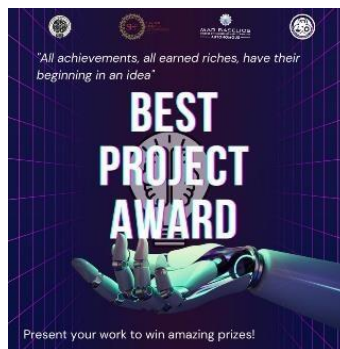

Olympics 2024 Prediction Challenge

ISTE MBCET launched an exciting Olympics 2024 Prediction Challenge to celebrate the spirit of the global event. The challenge invites participants to predict outcomes and winners across various sports categories in the Olympics. It aims to engage the MBCET community by blending enthusiasm for sports with analytical thinking and forecasting skills. The initiative has generated significant interest, encouraging participants to delve into the world of sports analytics and enjoy the thrill of competition. The challenge reflects ISTE MBCET's commitment to promoting interactive and fun learning experiences beyond academics.

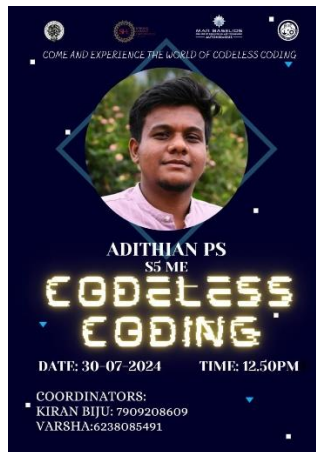

Best Project Award

ISTE MBCET proudly organized the **"Best Project Award"** exclusively for the fourth-year students to showcase their creativity and innovation. This event encouraged final-year students to present their unique projects that they have worked on, highlighting their skills and innovative thinking. Participants were required to submit a PDF document containing a brief introduction, methodology, results, discussion, and relevant pictures of their project. The competition aimed to gather enthusiasm for innovation and recognize outstanding projects with exciting prizes. The submissions were open until **April 24, 2024**, and receive an enthusiastic response, with many innovative projects submitted through the provided link. The event celebrated the hard work and creativity of final-year students, fostering a spirit of innovation within the college.

Codeless Coding

ISTE MBCET organized an event called "Codeless Coding," conducted by Adithian P S of S5 ME on July 30, 2024, at 12:30 PM. The event centered on generating efficient code using ChatGPT and other AI tools, aiming to enhance coding skills by leveraging artificial intelligence to optimize coding processes and improve productivity. Adithian P S provided an engaging session, demonstrating how AI-powered tools like ChatGPT can assist in solving complex coding problems, writing cleaner code, and reducing development time. The event included live demonstrations and examples, allowing participants to see the practical applications of AI in real-world scenarios. The event attracted a large number of participants, reflecting keen interest in the innovative use of AI in coding. Attendees gained valuable insights into integrating AI tools into their development workflows, making the session highly informative and practical. The positive feedback from participants highlighted the event's success and relevance in today's tech-driven environment.

Conclusion

The year 2023 was highly productive and successful for ISTE MBCET, with numerous eventsand activities that engaged students, fostered creativity, and enhanced technical skills. The chapter's commitment to providing diverse opportunities for its members is evident in the wide range of initiatives undertaken. The newly selected Execom members and the various competitions and workshops have set a strong foundation for continued growthand success in the coming years.
