BLOCHUB ACTIVITIES

The Blochub club at Mar Baselios College of Engineering and Technology successfully conducted Nexttera on February 8, 2025, at the James Watt Hall. The event was coordinated by Krishna Prasanth and Kiran Biju (S6 CS1), under the guidance of faculty advisor Mr. Praveen J.S.

The session featured engaging talks by Sam Peter and Adithya Krishnan (S8 CS1) on blockchain technology, covering its practical applications, challenges, and future prospects. A fun and challenging treasure hunt was also organized as part of the event, adding an interactive and energetic element that captivated participants.

Nexttera proved to be a highly informative and dynamic session, fostering enthusiasm for technology and collaborative activities. Blochub continues to spearhead initiatives that encourage innovation and engagement at MBCET.
