PRINCIPAL'S MESSAGE

Drug addiction is emerging to be a serious concern in the country, especially in the younger generation leading to dangerous consequences not just for the person using drugs, but on the family and society at large. Drug abuse has resulted in an increase in crime rate and has an overall detrimental impact on society. A number of initiatives and measures are being taken both by the Central and State governments as well as a number of voluntary organisations. Under the interventions of the Ministry of Social Justice and Empowerment, activities related to prevention, treatment and rehabilitation of users, dissemination of information among the public and generation of awareness in the community are being coordinated, implemented and monitored. Vimukthi is an anti-narcotics campaign launched by the Government of Kerala to highlight the seriousness of the situation and to create awareness among the people, especially the youth. The International Day against Drug Abuse and Illicit Trafficking, or World Drug Day, is marked on 26 June every year to strengthen action and cooperation in achieving a world free of drug abuse. The world narcotics menace is a complex and multifaceted problem that requires a comprehensive and collaborative approach to address its various aspects. Let us all be part of the various initiatives taken to eradicate this evil and create a world free of drug abuse.
