PRINCIPAL'S MESSAGE

A new generation of aspiring professionals has joined the College, marking the beginning of their academic journey. *Parodos 2025*—the official Initiation Ceremony—along with the two-week AICTE-mandated Student Induction Program (SIP), commenced on 18 August 2025. The SIP is designed to help students feel a sense of belonging and to smoothly integrate them into the academic environment. During this period, students are introduced to their faculty members, acquainted with the curriculum, and given an overview of the institution's facilities. The program includes sessions on soft skills and Universal Human Values, and offers academic bridging in relevant technical areas to ease the transition into higher education. Awareness initiatives on anti-ragging and anti-drug policies are also an important part of the program, encouraging students to be responsible and respectful in their interactions—both in person and online. Beyond academics, the Induction Program familiarises students with the College's culture and helps foster meaningful connections with peers and faculty alike. We extend a warm and wholehearted welcome to the 2025 admission batch of students as they embark on an exciting and transformative journey in professional education.
