## PRINCIPAL'S MESSAGE

India's festivals are a vibrant reflection of its rich cultural diversity and heritage. Each festival has its unique traditions, customs, and significance, showcasing the country's pluralistic society. Onam is a vibrant and culturally significant festival celebrated throughout the state and by Malayalees all over the world. It is celebrated to honor King Mahabali, a legendary ruler known for his generosity and fairness. It is believed that King Mahabali treated all his subjects equally without any discrimination. The festival is marked by various traditions, including 'Pookkalam', 'Ona Sadya', 'Pulikali' and 'Vallamkali' among many others. What makes Onam more interesting is the way it is celebrated in different regions of the state giving it local flavours, whether it is in the variety of the delicious food being served reflecting the culinary heritage or the cultural fabric. Onam brings people together, transcending social and cultural boundaries. The festival is a time to appreciate the harvest season and the blessings of nature. With these virtues in mind, let us all celebrate Onam with the spirit of togetherness and joy for all.
