Title: Guidelines for award of LP grades

Document Number: B. Tech/Doc/2024/01

Original Effective Date: 05.07.2024

Ref: U.O.No. 259/2024/KTU Thiruvananthapuram dated: 24.01.2024

Summary:

Awarding of LP grades provides students with a second chance to succeed, recognizing performance in both the End Semester Examination and Continuous Assessment components.

Guidelines for award of LP grades

1. A Low Pass Grade (LP) shall be granted to students who achieve a minimum pass mark in the End Semester Examination but do not meet the overall pass threshold in a particular course due to insufficient Continuous Assessment marks.
2. Once a Low Pass Grade (LP) is assigned, the course will be deemed as passed, even if the overall mark does not meet the standard passing criteria.
3. The Grade Point assigned to the Low Pass Grade is 4.0 and shall be included in the computation of SGPA/CGPA.
4. The maximum number of subjects for which a Low Pass Grade can be awarded is capped at 10 for the entire duration of the course.
5. The provision for students to apply for a Low Pass Grade for all semesters will be available only after one supplementary chance of the final semester examination.

Date of Approval by Academic Council: 05.07.2024
